PROFESSIONAL AND EDUCATIONAL BACKGROUND

Alicia Rainwater is a Certified Keynote Speaker at The Center for Generational Kinetics.

Alicia's personal experiences working with multiple generations as a non-profit leader, school counselor, and medical social worker make her a powerful and inspiring speaker that effectively demonstrates how to solve generational challenges with employees and customers.

She has received a tremendous response to her engaging delivery that combines The Center's latest research and how-to with her unique experience working with clients.

ALICIA RAINWATER

KEYNOTE TOPIC:

Generational Differences in the Workplace

Alicia was funny, pointed, interesting, and challenging. I loved, let me emphasize loved, the fact that she gave the audience a list of things they could take away and start using immediately. The feedback we received from everyone was that of high praise and enjoyment. We would highly recommend other companies using Alicia and would definitely engage her services again if the opportunity arose."

— Lynne Schultz Tri-State Marketing Associates

Research shows that workplaces that cultivate an emotionally healthy culture have fewer workplace accidents and work-related illness claims.

Dave Caperton is a national speaker and author who blends laughter and research to show how living and working with intentional joy is an act of leadership, courage and a disciplined will.

He has presented for over 800 successful organizations, Fortune 500 companies and top healthcare, education and government institutions all over North America on the ways that a culture of joy drives success, unleashes creativity, strengthens health, increases engagement, super-charges learning, fosters compassionate service and disrupts stress.
